

Timber Rivets in Structural Composite Lumber

<https://research.thinkwood.com/en/permalink/catalogue777>

Author: Wolfe, Ronald
Begel, Marshall
Craig, Bruce

Organization: Forest Products Laboratory

Year of Publication: 2004

Country of Publication: United States

Format: Report

Material: LSL (Laminated Strand Lumber)
PSL (Parallel Strand Lumber)

Application: General Application

Topic: Connections

Keywords: Pine
Poplar
Rivets
Failure

Language: English

Research Status: Complete

Summary:

Timber rivet connections, originally developed for use with glulam construction, may be a viable option for use with structural composite lumber (SCL) products. Tests were conducted on small samples to assess the performance and predictability of timber ...
