

Experimental Study on Air Tone Interruption Performance of CLT Panel Wall

<https://research.thinkwood.com/en/permalink/catalogue1802>

Author: Tanaka, Manabu
Kasai, Yusuke
Murakami, Tsuyoshi
Kawaya, Shoji

Publisher: J-STAGE

Year of Publication: 2016

Country of Publication: Japan

Format: Journal Article

Material: CLT (Cross-Laminated Timber)

Application: Walls

Topic: Acoustics and Vibration

Keywords: Sound Transmission
Panels
Experimental Tests
Sound Insulation

Language: Japanese

Research Status: Complete

Series: Japanese Architectural Institute Environmental Papers

ISSN: 1881 - 817 X

Online Access: Free
