

In-Plane Strength and Stiffness of Cross-Laminated Timber Shear Walls

<https://research.thinkwood.com/en/permalink/catalogue2117>

Author: Shahnewaz, Md
Alam, Shahria
Tannert, Thomas

Publisher: MDPI

Year of Publication: 2018

Country of Publication: Switzerland

Format: Journal Article

Material: CLT (Cross-Laminated Timber)

Application: Wood Building Systems
Walls
Floors

Topic: Design and Systems
Connections

Keywords: Finite Element Analysis
Connections
Ductility
Parametric Study
Seismic Performance

Language: English

Research Status: Complete

Series: Buildings

Online Access: Free
