

## Structural Robustness and Timber Buildings – A Review

<https://research.thinkwood.com/en/permalink/catalogue2173>

Author: Huber, Johannes  
 Ekevad, Mats  
 Girhammar, Ulf  
 Berg, Sven

Publisher: Taylor&Francis Online

Year of Publication: 2019

Country of Publication: United Kingdom

Format: Journal Article

Material: Glulam (Glue-Laminated Timber)  
 Light Frame (Lumber+Panels)  
 CLT (Cross-Laminated Timber)

Application: Wood Building Systems

Topic: Design and Systems

Keywords: Robustness  
 Disproportionate Collapse  
 Progressive Collapse  
 Alternative Load Path  
 Damage Tolerance

Language: English

Research Status: Complete

Series: Wood Material Science & Engineering

Online Access: Free
