

## Elastic Response of Cross-Laminated Engineered Bamboo Panels Subjected to In-Plane Loading

<https://research.thinkwood.com/en/permalink/catalogue2305>

Author: Archila-Santos, Hector  
Rhead, Andrew

Publisher: ICE Publishing

Year of Publication: 2019

Format: Journal Article

Material: Other Materials

Application: Walls  
Wood Building Systems

Topic: Design and Systems

Keywords: G-XLam  
Panels  
Strength  
Stiffness

Research Status: Complete

Series: Proceedings of the Institution of Civil Engineers - Construction Materials

Online Access: Free
