

## Evaluation of Rolling Shear Modulus and Strength of Japanese Cedar Cross-Laminated Timber (CLT) Laminae

<https://research.thinkwood.com/en/permalink/catalogue2312>

Author: Ukyo, Seiichiro  
Shindo, Kenta  
Miyatake, Atsushi

Publisher: Springer

Year of Publication: 2019

Format: Journal Article

Material: CLT (Cross-Laminated Timber)

Application: Wood Building Systems

Topic: Design and Systems  
Mechanical Properties

Keywords: Shear Strength  
Panels  
Rolling Shear  
Annual Rings

Language: English

Research Status: Complete

Series: Journal of Wood Science

Online Access: Free
