 Format: Thesis
 Material: NLT (Nail-Laminated Timber)
 Timber-Concrete Composite
 Application: Floors
 Topic: Connections
 Keywords: Truss Plates
 Self-Tapping Screws
 Strength
 Stiffness
 Shear Connectors
 Quasi-Static Loading Test
 Bending
 Language: English
 Research Status: Complete

Summary:

Nail-laminated timber-concrete composite (TCC) is a system composed of a nail-laminated timber (NLT) panel connected to a concrete slab through shear connections. When used as flexural elements such as floors, the concrete and NLT are located in the compression and tension zones, respectively...
