

## Non-Destructive Assessment of Gluing in Cross-Laminated Timber Panels

<https://research.thinkwood.com/en/permalink/catalogue2277>

Author: Concu, Giovanna  
 Fragiaco, Massimo  
 Trulli, Nicoletta  
 Valdès, Monica

Year of Publication: 2017

Format: Conference Paper

Material: CLT (Cross-Laminated Timber)

Application: Wood Building Systems

Topic: Mechanical Properties

Keywords: NDT  
 Ultrasonic Testing

Conference: International Conference on Sustainable Development and Planning

Research Status: Complete

Series: WIT Transactions on Ecology and the Environment

Online Access: Free
