

Calculation of Sound Insulation for Hybrid CLT Fabricated with Lumber and LVL and Comparison with Experimental Data

<https://research.thinkwood.com/en/permalink/catalogue2216>

Author: Ju, Zehui
Zhang, Haiyang
Zhan, Tianyi
Hong, Lu
Lin, Yangfan
Lu, Xiaoning

Publisher: EDP Sciences

Year of Publication: 2019

Country of Publication: France

Format: Conference Paper

Material: LVL (Laminated Veneer Lumber)
CLT (Cross-Laminated Timber)

Topic: Acoustics and Vibration

Keywords: Sound Insulation

Language: English

Research Status: Complete

Series: MATEC Web of Conferences

Online Access: Free
