

Commentary: The Potential for Multi-Span Continuous Timber-Concrete Composite Floors

<https://research.thinkwood.com/en/permalink/catalogue2187>

Author: Sebastian, Wendel
Lawrence, Andrew
Smith, Andy

Publisher: ICE Publishing

Year of Publication: 2018

Country of Publication: United Kingdom

Format: Journal Article

Material: Timber-Concrete Composite

Application: Floors

Topic: Design and Systems

Keywords: TCC
Research Needs

Language: English

Research Status: Complete

Series: Proceedings of the Institution of Civil Engineers - Construction Materials

Notes: DOI link: <https://doi.org/10.1680/jstbu.171.9.661>

Online Access: Free
