

Compressive Behavior of Glulam Columns with Initial Cracks Under Eccentric Loads

<https://research.thinkwood.com/en/permalink/catalogue1463>

Author: Zhang, Jing
He, Minjuan
Li, Zheng

Publisher: Springer Berlin Heidelberg

Year of Publication: 2018

Country of Publication: Germany

Format: Journal Article

Material: Glulam (Glue-Laminated Timber)

Application: Columns

Topic: Mechanical Properties

Keywords: Cracks
Compression Loads
Failure Modes
Load Bearing Capacity
Numerical Model

Language: English

Research Status: Complete

Series: International Journal of Advanced Structural Engineering

ISSN: 2008-6695

Online Access: Free

Numerical Analysis on Tensile Performance of Bolted Glulam Joints with Initial Local Cracks

<https://research.thinkwood.com/en/permalink/catalogue1380>

Author: Zhang, Jing
He, Minjuan
Li, Zheng

Publisher: Springer Japan

Year of Publication: 2018

Country of Publication: Japan

Format: Journal Article

Material: Glulam (Glue-Laminated Timber)

Application: General Application

Topic: Mechanical Properties

Keywords: Bolted Joints
Cracks
Finite Element Model
Failure Modes
Tension Load

Language: English

Research Status: Complete

Series: Journal of Wood Science

ISSN: 1611-4663

Online Access: Free
